Mr. Yasuhiro IKEURA
Managing Director,
The Society for Promotion of Japanese Diplomacy,
3-1-2 Azabudai, Minato-ku, Tokyo,
Minato-ku, Tokyo, 106-0041 Japan.

LETTER OF ACKNOWLEDGEMENT

Ref.: Donation Certificate dated Oct.1, 2008 and Fire Fighting Equipment Acquisition Project, Partner Agreement between The Society for Promotion of Japanese Diplomacy, Japan and The Public Disaster Relief Association of Thailand.

The Public Disaster Relief Volunteer Association of Thailand (PVAT) is a non-profit body, established since nineteen seventy-five, thirty-five years ago. The activity is not only fire fighting, but also including gas explosion, building collapse, harms from fierce animal, car accident or else. Two of all important duties are to demonstrate fire fighting for the people around the Relief Volunteer Group and to participate in fire fighting training course hosted by Department of Public Disaster Protection and Relief of Thailand.

The three units of fire fighting trucks delivered are valuable to strengthen the capacity of the Public Disaster Relief Association of Thailand.

On behalf of the Public Disaster Relief Association of Thailand, I would like to express our sincere appreciation and grateful thanks to the Society of Promotion of Japanese Diplomacy for the profound understanding and earnest support to this project. I hope that in the spirit of close cooperation between two countries, we will significantly contribute to our future cooperative efforts.

Attached herewith is the report and photographs shown the activities of the three fire fighting trucks.

Pol.Col.

(M.L.Kitibodee Pravitra)

President

The Public Disaster Relief Association of Thailand
