Dear General Director,,

Hereby, we, the people of Pangi Territory associated within the NPO SIPRODEPA, attest that we have received with joy and gratitude the vehicle Anti-Fire, Toyota LAND CRUISER, you have donated to us via Dr Joseph Kokonyangi Witanene, our representative to the Lower house of Congolese Parliament and Coordinator SIPRODEPA

God Almighty may bless you. We take this opportunity to once again tend our hands to ask if it is possible to help the people of Pangi with an ambulance because the lack of ambulance causes many deaths in the population of the Territory, the most landlocked Territory of DRC.

Thanking you once again, we wish you and all the people of Japan, a happy 2013.

On the behalf of people of Pangi,
