Subject: **The Certificate of Acknowledgement**

Good deeds may be done by anyone in any walks of life: by the fireman in emergencies or on the fire ground, by the woman in the home, the nurse or the doctor in the hospital, the business man in his office; the student or the teacher at school; the inventor in the workshop; or the author in the book. You have done a good deed by donating five fire engines, one rescue vehicle and one ambulance to our Fire Services Department. This is a noble act really.

This actual performance of good deed adds the happiness to both parties, the one who gives and the one who receives. The memory of good deed excites love and gratitude, renews man's belief in his kind heart and inspires others to go and do likewise. It is an incentive to them to live purely, act uprightly, and deal justly with their fellow-men.

We would like to express our sincere gratitude for your donation. Those fire engines, rescue vehicle and ambulance are very valuable to our department as those are as very good as brand new. It is like getting a good and delicious food when one is very hungry.

With all best wishes,

Colonel Myint Htun (A.S.)
Director General
Fire Services Department.

Fire engines, vehicles donated to Fire Services Department

YANGON, 25 Jan — A ceremony to donate five fire engines, one rescue vehicle and one ambulance by Japanese Government to the Ministry of Social Welfare, Relief and Resettlement was held at Fire Services Department (Headquarters) in Mayangon here this morning.

Japanese Ambassador to Myanmar Mr Yasuaki Nogawa, who explained the purpose of donation,

handed over documents related to vehicles to U Myint Tun, Director-General of the Fire Services Department. Minister for Social Welfare, Relief and Resettlement Maj-Gen Maung Maung Swe expressed thanks.

The minister and officials later viewed the vehicles which were donated for cyclone damaged regions in Ayeyawady Division. The total amount of donation is 124,536 US dollars.—MNA
